1. The honey show is open to any *active CBA member who wishes to enter one or more exhibits, except as otherwise specifically provided for herein. The honey show is NOT open to individuals serving as judges, stewards, or show secretaries, nor to individuals who are immediate family members of those individuals serving as judges, stewards, or show secretaries. An active CBA member is defined as one who has been a paid member since August 13, 2025, and has attended at least 3 of the monthly meetings in the 6 months prior to the October 13, 2025 honey show.
2. Entries must be received between 4:00 PM and 7:00 PM on October 13, 2025 at UGA Extension Center, Front Hall & Kitchen. No entries will be accepted after 7:00 PM.. **No entries will be accepted after this deadline.**
3. Each Exhibitor must sign an affidavit stating that each exhibit he or she submits was produced by the Exhibitor in conformity with the rules set forth herein.
4. Each Exhibitor must affirm the inclusion of any image, likeness, or work of any individual other than the Exhibitor, portrayed in or made part of any exhibit, was done so with the prior, informed consent of said individual, and that each exhibit is submitted with the full consent of all parties.
5. Unless specifically otherwise provided for under an individual category's rules, ALL honey, beeswax, propolis, pollen, or royal jelly exhibited, or made part of any exhibit, must be produced by the exhibitor from honeybees owned and kept by the Exhibitor. Any exhibit previously submitted for consideration in any prior honey show sponsored by the host organization, with the exception of mead, is not eligible for this competition.
6. All beeswax items, unless otherwise specifically allowed herein, must be prepared from pure, unadulterated beeswax, free from any additives or enhancements. The use of synthetic, artificial, or adulterated beeswax or drawn honeycomb is strictly prohibited. Exhibits found to be containing any of the above will be disqualified.
7. Each Exhibitor may make only one exhibit per class. More than one individual from a family or household may submit exhibits across different categories; however, family members and individuals from common households may not submit multiple exhibits in the same category.
8. With the exception of Extracted Honey, in instances where the exhibit may qualify for consideration in multiple classes, the Exhibitor shall have the right to choose which class to enter their exhibit; the Exhibitor's selection will not be overturned by the Judge(s); and, said exhibit will be judged based on the criteria set forth in the class selected by the Exhibitor. The Judge shall have discretion to make the final determination as to proper color designation in regard to all exhibits of Extracted Honey.
9. Double Entries are strictly prohibited. A "Double Entry" is when an exhibitor has more than one exhibit placed in a single exhibition class. As used in this rule, the term "Double" is

not limited to two, but also encompasses any number greater than one. The Show Secretary shall not knowingly accept any subsequent exhibit which would create a Double Entry. Whenever a Double Entry is created by the decision of a judge in reclassifying an exhibit pursuant to the rules herein, the following procedure shall apply: Prior to the judging of any other exhibits in the affected class, the exhibits constituting the double entry shall be identified and examined by the head Judge; the head Judge shall make a determination as to which of the exhibits constituting the Double Entry is the best under the criteria listed for the affected class; the best exhibit of those comprising the Double Entry will be returned to the show bench, and the other(s) will be disqualified. Whenever a Double Entry results in the disqualification of one or more exhibits, and after the results are publicly announced or posted, it shall be the responsibility of the head judge to personally inform the affected exhibitor of the determination of the Double Entry and subsequent disqualification of the exhibit(s).

10. Exhibits must be unmarked or identifiable in anyway, except as provided herein.

11. The Show Secretary will provide each exhibitor identifying labels to be affixed to each exhibit as provided in the rules for each exhibition class. The Exhibitor shall be responsible for placing the ID labels on each exhibit as directed for each exhibition class, unless otherwise specified herein.

12. Once exhibits have been accepted into the competition by the Show Secretary, they may not be altered in any way.

13. After submitting entries to the Show Secretary, exhibitors may not enter the area where the exhibits have been placed. The Secretary, Stewards or Judges are the only persons who may enter the honey judging area.

14. Judges will enter the honey show area after the close of exhibitor acceptance. This is to ensure as close to a blind judging as possible.

15. All food & beverage exhibits must be prepared under sanitary conditions and follow

food safety guidelines. All food & beverage exhibits must be sealed and shelf-stable, or otherwise prepared and packaged in such a way to be able to withstand spoilage. Any entry that appears to be unsafe or unpalatable will not be judged and will be disqualified.

16. Any food or beverage item made with any dairy (or other perishable) ingredient(s) or components, or any exhibit that calls for or requires refrigeration for proper storage or holding, should be transported to the honey show, and presented to the Honey Show Secretary in a cooler, insulated/temperature-stable bag, or some other temperature-controlled container. The Exhibitor MUST notify the Show Secretary of the necessity of refrigeration or cold storage for any item at the time of submission of the exhibit. Any exhibit, or component of an exhibit, that the Judge(s) deem unfit or unsafe due to a temperature-related storage or transport issue will not be judged and may be subject to disqualification.

17. All exhibits submitted in classes containing the designation "Extracted Honey" are to be presented in one-pound, glass (no plastic), "Queen-line" or "Classic" style jars; any exhibits submitted in any other style of jar or container will not be accepted by the show secretary.

18. In regard to the requirement of uniformity, items within or comprising any single exhibit should be alike and matching in every way: jars, containers, closures, contents, composition, orientation, placement, presentation, etc., should be identical across all individual items comprising any single exhibit.

19. For all exhibits which require, or give the Exhibitor the option of using, any display case, dish, base, frame, stand, or any other exhibition aide, the same should be presented in the same clean, neat, and uniform manner so as to compliment and add merit to the accompanying exhibit.

20. All weight requirements refer to the net contents of the exhibit. For instance, a 16 ounce jar of honey should contain 16 ounces of honey. This does not include the weight of the

container, the lid, the label, or any other packaging.

21. For all exhibits which call for the submission of a white descriptive card or index card with the exhibit, any size card or sheet of paper from 3"x5" to 8.5"x11" will be accepted.

Additionally, the Exhibitor may submit multiple cards for any exhibit as the Exhibitor sees fit. Should the Exhibitor wish to submit multiple cards, they should be secured together by staple or paper clips.

22. Allowances will be made for minor damage to cappings in entries in the comb honey categories, where such minor damage is clearly the result of previous judging in another show.

23. For all mead, beer, and other honey beverage categories, any Exhibitor may, at their discretion, submit a second bottle for chilled tasting. If the Exhibitor chooses to submit a second bottle for chilled tasting, the Exhibitor must submit two identical specimens, both suitable for judging. After the exhibit is submitted, the show secretary will randomly select one of two bottles to be placed in a cooler or refrigerated container. The show secretary will place the other bottle on the judge's bench. Both bottles submitted will be evaluated for the same criteria as a single bottle exhibit. *If the Exhibitor submits a second bottle for chilled tasting, they must note such on the descriptive card submitted with the exhibit.

24. Copyright of any submitted recipe, artwork, literary work, or other media remains with the exhibitor, but the host organization has the unrestricted right to publish images of submitted recipes, artwork, literary work, or other media in its newsletter, on its website, and via its social media outlets, plus unrestricted rights to use the same in any related material for PR purposes.

25. Where the submission of a "recipe" is required, that term includes the complete list of ingredients, quantities thereof, and the procedure used to combine and prepare the exhibit.

26. The Presiding Judge may, based on the number of exhibits submitted, combine one or more classes into a single class, or divide a single class into one or more subclasses.

27. Return/Disposition of Exhibits-

(a) Exhibitors who wish to retrieve their exhibits at the conclusion of the honey show must make arrangements to pick their exhibits up at the specified release time on ... release date ... If an exhibitor wishes to have their exhibit(s) released to a third party or proxy, they must indicate so in writing.

(b) Exhibits and other items not retrieved by the deadline posted for pick-up, shall be deemed abandoned, and shall be donated to the Honey Show Committee for future use or disposal. The sponsoring organization, nor the Honey Show Committee, is not responsible for any items left after the pick-up deadline.

28. The honey show committee reserves the right to reject any exhibit submitted if it is objectionable in any way. For these purposes, the definition of "objectionable" includes, but is not limited to: representations of nudity, graphic violence, profanity, obscenity, or any depictions of a sexually explicit nature.

Decisions of the Presiding Judge on this issue will be final.

Prizes & Awards: It is the intention that ribbons will be given in all classes even if there is only one exhibit in the class. However, in order to receive an award that exhibit must be worthy of placement. Exhibit into a class does not guarantee an award. The decisions of the judges are final. After the announcement of awards, any exhibitor may meet with the class judge to discuss their exhibit and ask questions. The show administrator will appoint a Referee who shall have final say in any matter pertaining to the contest if called upon. Exhibitors found willfully cheating, or purposefully altering or disfiguring an exhibit for the purpose of influencing the validity of judging will be disqualified from the contest, as well as from any future honey shows sponsored

by the CBA for a period of not less than three (3) years.

Cash Prizes will be awarded as follows: In each category: First place- \$25; Second Place- \$10; Third Place- \$5; Best in Show- \$50; Black Jar \$25. An exhibit consists of one (1) one-pound jar of extracted honey, as specified in rule #17 under the General Rules of the Honey Show. Closures may be of metal or plastic. Tamper-proof seals are strictly prohibited; any exhibits submitted with any tamper-proof seal(s) will be severely penalized. Judges evaluate entries on the following: confirmation with the criteria set forth herein; cleanliness of the jar and lid; correct fill level; uniformity of the jars that comprise the exhibit; cleanliness and clarity of the honey; moisture content (only if needed); and aroma and flavor (for off aromas or flavors). *See Appendix hereafter for notes on correct jars and fill level.

The Exhibitor shall place one ID label, as provided by the honey show Secretary, on the exhibit. The label should be affixed at the front, bottom, center of the jar, approximately ½ inch from the bottom of the jar.

Extracted Honey

Extracted honey is judged in three subclasses: (a) light, (b) medium or amber, and (c) dark. Exhibitors may submit one exhibit in each of these three subclasses. One exhibit of extracted honey is defined as three (3) identical one-pound jars, as specified in rule #17 under the General Rules of the Honey Show. Closures may be of metal or plastic. Tamper-proof seals are strictly prohibited; any exhibits submitted with any tamper-proof seal(s) will be severely penalized. Judges evaluate entries on the following: confirmation with the criteria set forth herein; cleanliness of the jar and lid; correct fill level; uniformity of the jars that comprise the exhibit; cleanliness and clarity of the honey; moisture content (only if needed); and aroma and flavor (for off aromas or flavors). *See Appendix hereafter for notes on correct jars and fill level.

Creamed Honey (soft set)

Creamed or Soft Set honey is honey that has been subjected to a manual or mechanical process to assist and control the otherwise natural process of granulation. An entry of creamed honey is three (3) identical wide-mouth jars, no less than eight ounces (8oz.), nor more than sixteen ounces (16oz.) in net weight. Creamed honey must be displayed in identical, clear, straight-sided, glass jars with one-piece lids. Judges evaluate entries on the following: confirmation with the criteria set forth herein; cleanliness of the jar and lid; correct fill level; cleanliness and purity of the honey; uniformity of product within the jar; fineness of crystals; appropriate set or firmness (should be spreadable but not runny); freedom from foam, frosting, or visible moisture; freedom from added flavors, striation, or colors; uniformity of the jars that comprise the exhibit; aroma and flavor (for off aromas or flavors); and moisture content (only if in question).

The Exhibitor shall place one ID label, as provided by the honey show Secretary, on each of the jars comprising the exhibit. The labels should be affixed at the front, bottom, center of each jar,

approximately ½ inch from the bottom of the jar. An ID label should also be affixed to the white card accompanying the exhibit.

The chunk of comb must be in one piece, of uniform thickness, and with a straight mid rib. Virgin comb with this year's wax is preferred. All foundation should be unwired, thin surplus. The cuts should be clean and uniform. The chunk comb should be cut and sized to appropriately fit the container. The honey should fill the rest of the jar to the correct fill line. The comb should be oriented in the container as found naturally in the hive. Comb with watery cappings should be avoided. The comb should extend the length of the jar. The chunk of comb should account for at least fifty percent (50%) of the internal volume of the jar. Judges evaluate entries on the following: confirmation with the criteria set forth herein; cleanliness of the jar and lid; correct fill level; uniformity of the jars that comprise the entry; cleanliness and clarity of the honey; absence of pollen, brood, uncapped cells, "wet" or "watery" cappings, or travel stains on the cappings; freedom from granulation; absence of floating wax debris in, or on the surface of, the honey; moisture content (only if needed); and aroma and flavor (for off aromas or flavors).

BEVERAGES MADE WITH HONEY

PLEASE READ CAREFULLY: Exhibitors should be aware and keep in mind, this is a honey show. These beverage & culinary categories have been specifically chosen because of their ability to showcase honey as an ingredient. The influence and impact of honey on the finished product will be the first, and ultimate, factor the judges will consider when making final awards. The stronger and more pronounced the flavor and aroma of honey is in the finished product, the greater the preference that exhibit will receive from the judges. Conversely, an exhibit of otherwise exceptional quality that does not taste or smell profoundly of honey, will not be placed highly despite the presence of other exceptional qualities.

FOOD ITEMS & BAKED GOODS

PLEASE READ CAREFULLY: Exhibitors should be aware and keep in mind, this is a honey show. These beverage & culinary categories have been specifically chosen because of their ability to showcase honey as an ingredient. The influence and impact of honey on the finished product will be the first, and ultimate, factor the judges will consider when making final awards. The stronger and more pronounced the flavor and aroma of honey is in the finished product, the greater the preference that exhibit will receive from the judges. Conversely, an exhibit of otherwise exceptional quality that does not taste or smell profoundly of honey, will not be placed highly despite the presence of other exceptional qualities.

Appendix

**The correct jars for extracted honey entries.*

***Notes on correct fill level:**

- The correct fill level on a "Queen-line" or "Classic" style honey jar is at the fill ring of the jar. The fill ring is the raised ridge or ring of glass immediately above the shoulder of the jar, and below the threads. It can be distinguished from the threads in two ways: a) the fill ring forms a complete circle, without ends; and b) the fill ring will be completely parallel with the bottom and top of the jar. There should be enough honey in the jar to clearly touch the fill ring, without going over.
- Liquid honey in a circular shape forms a concave surface sometimes referred to as a meniscus. For purposes of filling jars, the edge of the meniscus should clearly touch the fill ring, without going over.
- When the lid is properly closed on the jar, there should be no visible light beneath the bottom of the lid and the surface of the honey.
- A jar of honey being over-filled is preferable to one being under filled.
